Ban on exhibiting dogs which have been docked and cropped

In accordance with the Show Regulations (VDH-Ausstellungs-Ordnung) of the German Kennel Club (VDH) dogs from Germany and abroad are banned from being exhibited if they display the following:

1. cropped ears
2. docked tail (**Exception:** Dogs used for hunting in accordance with the German Animal Welfare Laws/only for FCI-recognized hunting breeds of dog).

Should you - despite the above regulations - present or attempt to present your dog, your dog will not be judged and/or the judgement will be disallowed. Over and beyond this measure you may, in accordance with § 37 section 3.7 of the VDH-Show Regulations, be subjected to a permanent show ban at any show within the area covered by the VDH. In such cases you will not receive a reimbursement of the registration fee.

Other instructions

1. Only dogs whose entry fees are paid and entry forms sent latest 4th August 2017 (stamped) will be accepted. Entry forms posted too late will be returned and bank charges will be charged for handling return money.
2. Please enclose a Championship Certificate to enter at Champion Class or a WCC (Working Class Certificate) for Working Class. If the certificate is missing the dog will be automatically entered in Open Class.
3. The discount is calculated only on the full rate entry, not puppies. In order to get the reduced entry fee for the second etc. dog, please, enter all dogs at the same time.
4. The entry for the competitions (Couple Class/Brace, Progeny, Breeder Group and Junior Handling) is possible under www.wds2017.de.
5. The dogs being brought to an event (show) must have a proof that they have been vaccinated against rabies at least three weeks before the start of the show (bring vaccination documents/EU pet pass). The rabies vaccination is valid for 12 months from the day of the vaccination. If a longer period is to be made valid, then this extended period must be noted officially in the vaccination documents or in the pet pass in the field marked „valid until“. If a dog receives a re-vaccination against rabies within the validity period, then the so-called 3 week deadline no longer applies. For primary vaccinations, the dog must have been at least three months old at the time of the vaccination and the vaccination must have taken place at least 21 days before the event.
